

# Olathe Public Schools Foundation

## Grant Guidelines

### Grant Application Selection Process

Your grant application will be considered in two steps. First, applications will be screened for compliance with our minimum eligibility standards as follows:

- Hidden Glen Visual Arts Grants awarded to Visual Art Teachers up to \$2,000.
- Innovative Classroom grants awarded to teachers and principals up to \$2,500.
- Building or district-wide grants awarded to administrators for \$5,000.
- Need-Based grants awarded to teachers and principals up to \$1,000.
- Grant proposals must meet and follow all Olathe Public Schools policies.
- Proposals must match curriculum for grade level and subject area of involved students.
- Available building funds should be used before requesting grant funds.
- Proposals should not include items or equipment already provided by Olathe Public Schools.
- Grants involving technology must be approved by the Olathe Public Schools technology department (Dr. Josh Anderson) **prior to submission**. Please complete a district software/technology approval form and attach to your application.
- Materials purchased with grant funds become property of Olathe Public Schools.
- Grant winners must submit a post-program (page 4) assessment with pictures by September 1.
- Grant applications are due in the Foundation's NLSC office by 4:00 p.m. on the grant cycle deadline

Applications that meet the minimum eligibility standards will be compared to other proposals using the following *competitive standards*. These questions correspond with items 1-5 on the grant application (page 3). Accurate and *complete* responses to these questions will better assist the grant committee in evaluating your grants.
